### HOBBIES

#### Chess

I love to play chess and have won notable prizes including Gold and Silver medals.

#### Potry

Literature is something which always captivated me, apart from coding. So, I love to scribble my thoughts out most often.

#### Poker

I like to challenge my reflexes, decision making and calculations a lot while trying to read out the person sitting in front. pushing the rank and having interactive gaming sessions excites me the most.

### PROFILE

A creative thinker, adept in software development and working with various data structures, striving to make the world a more unified and connected place.

### WORK EXPERIENCE

#### FlipTree

##### Server Developer

Feb'22 - June'22

- Effectively coded software changes and alterations based on specific design specifications
- Implemented and updated application modules
- Successfully identified, diagnosed, and fixed website problems, including broken links, typographical errors, and formatting issues.

#### PrepLeaf

##### Software Intern

Oct'19 - July'20

- Worked on the UI design of the Prep-seed App
- Used React , Redux for app & state management
- Built visually rich front-end components.
- Participated in team-based project work, demonstrating ability to fill multiple roles.

#### IndoAlpine Labs

##### Operations Head

Jan'18 - Oct'19

- Managed front desk operations and customer interactions and evaluated workflow and productivity, making changes where necessary
- Used excellent verbal skills to engage customers in conversation and effectively determine needs and requirements.
- Created effective business plans to focus strategic decisions on long-term objectives.
- Identified and resolved unauthorized, unsafe or ineffective practices, requirements and challenges of our business.
